

# Pub Services Packages

## **Cellar Cooling and Heating & Boiler Maintenance**

Offered to all new Retailers our cellar cooling contract covers planned maintenance, reactive callouts and full replacement costs helping to ensure optimum performance and low running costs.

## **Repairs and Maintenance Fund**

Compulsory for all new Retailers you will save on a monthly basis, building up a fund that may be drawn down up to two times a year for planned maintenance. To learn more contact your Regional Manager.

## **Buildings Insurance**

Enterprise Inns have used their purchasing power to secure a very competitive deal. With all agreement types you will be required to purchase your buildings insurance through Enterprise Inns. Should you be unfortunate enough to have to make a claim then you can be rest assured that the works will be delivered efficiently through our network of Partnering Contractors.

## **Utilities**

With rising energy costs it is important to secure the best deal possible. Enterprise Inns have put in place a framework agreement with a specialist energy broker to the licensed trade who is able to help. Assistance with contract renewals, green energy, security bonds, billing queries etc is all part of the service offered.

## **Health and Safety Compliance Services Scheme**

This scheme which is tailored exclusively for Enterprise Inns pub retailers is mandatory and ensures that retailers are fully compliant with their statutory obligations. It also includes a Health and Safety Web Portal which helps retailers manage documents such as risk assessments, policies and test certificates and gives comprehensive advice on all matters relating to Health and Safety.
