

## **Regional Property Manager**

As a key player in the management of our pub portfolio you will be responsible for the planning and implementation of all property activities across an estate of approx 250 pubs. Critical to the success of the role will be your ability to strategically plan for the needs of the estate by working effectively with pub retailers, and promoting best practice amongst all. The position is field-based, involving extensive travelling throughout the geographic area of responsibility, and will include ongoing liaison with a wide range of contacts. It is envisaged that the Regional Property Manager will spend at least 80% of his/her time working in the field.
